

BANK SAFETY AND SECURITY

Our complete video security and access control solutions help protect against theft and fraud while safeguarding what's most valuable — your customers and staff.

DISCREET SECURITY

The **H5A Modular camera** offers flexible, analytics-enabled video security that is purpose-built for areas with limited space or areas that require a discreet and unobtrusive monitoring solution, making it ideal for ATMs.

EFFICIENT BANDWIDTH MANAGEMENT

Avigilon's **High Definition Stream Management (HDSM)** and **HDSM SmartCodec™** technologies reduce bandwidth and storage needs while maintaining image quality.

REAL-TIME NOTIFICATION

Next-Generation Video Analytics detect up to 50 objects in a scene, even if they are stationary, providing greater accuracy of alerts for perimeter protection and in crowded environments.

POWERFUL SEARCH

Avigilon Appearance Search™ technology sorts through hours of video with ease to quickly locate a specific person or vehicle of interest across all cameras in near real-time, enhancing detection and investigation.

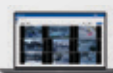

CONTROLLED MOVEMENT

The **Access Control Manager (ACM) system** enables you to improve regulation of all main access points within a facility and limit access to restricted area. Integration with **ACCTM** software allows you to detect someone at an access control point and verify the situation with live camera views.

AVIGILON CONTROL CENTER (ACC) VIDEO MANAGEMENT SOFTWARE

Provides an easy-to-use, AI-enabled user interface that brings the right information to you so that you can take action, helping ensure critical events do not go unnoticed.

AVIGILON CLOUD SERVICES (ACS)

Connects your ACC sites to our cloud platform to simplify access to distributed video security systems across multiple branches, allowing you to monitor the health of your systems from anywhere.

AI NVR

Unlocks Avigilon's advanced AI capabilities for any connected video stream, including third-party and non-analytic cameras, providing a cost-effective way to upgrade your video security system.

H6 MINI DOME CAMERA

Brings an exceptional level of protection to indoor spaces with high-resolution images of up to 5 MP, a wide field of view and efficient bandwidth management in a compact design.
